

- NOTES**
- This drawing is copyright of Condy and Lofthouse Ltd, and may not be reproduced in any way without their specific permission.
  - All dimensions are to be checked on site. Do not scale from this drawing, work to figures dimensions only. Any queries please contact the architects.
  - This drawing has been prepared based upon a digital survey undertaken by Survey Operations, Ltd 01495 725 642.
- MATERIALS PROHIBITED**
- Materials prohibited from use, except where used in accordance with "good practice in the selection of construction materials (2002)"
- High alumina cement in load bearing structures.
  - Wood wool slabs used as permanent shuttering or in structural elements.
  - Calcium chloride used as an additive in mixing concrete for use in reinforced concrete.
  - Aggregates for use in reinforced concrete which do not comply with British standard specifications current at the date of specification of the materials.
  - Calcium silicate bricks or tiles.
  - Asbestos or asbestos based products including crocidolite.
  - Lead or any materials containing lead which may be ingested, inhaled or absorbed.
  - Unsoaked vermiculite foam or materials which may be hazardous with reference to the limits set by the health & safety executive at the date of specification of the materials.
  - Materials which are generally composed of mineral fibres either man-made or naturally occurring which have a diameter of 3 microns or less and a length of 200 microns or less, or which contain any fibres not seeded or otherwise stabilised to ensure that fibre migration is prevented.
