The City of Liverpool Road Traffic Collision Data

There were 14 reported road traffic collisions resulting in personal injury

Note:

RTA's on private roads are not generally included on the collision database. Therefore, where the route runs through land not classed as public highway, Liverpool City Council and 2020 Liverpool Ltd cannot accept any responsibility for any unreported injury collisions.

The information supplied only summarises road traffic collisions involving personal injury, which have been reported to Merseyside Police. Other collisions, such as damage only ones, may be recorded by other sources and are not available to Liverpool City Council or 2020 Liverpool Ltd.

Merseyside Police has supplied the road traffic collision data on which the summaries are based and no responsibility can be attributed to Liverpool City Council or 2020 Liverpool Ltd for errors in this base information.

THE CITY OF LIVERPOOL

**Edge Lane, Liverpool, L7.
Laurel Road to Binns Road.**

**Recorded Personal Injury
Accident Data**

1st December 2002 to 30th November 2008

THE CITY OF LIVERPOOL

Road Traffic Accident Data: Edge Lane, Liverpool, L7

The following report details accident summaries for recorded road traffic accidents (rta's), involving personal injury, occurring in Edge Lane, Liverpool, L7, between its junctions with Binns Road and Laurel Road.

The following should be noted:

- The report summarises rta's occurring within the period of 1st December 2002 to 30th November 2008.
- Rta's on private roads are not generally included on the accident database. Therefore, where the route runs through land not classed as public highway, Liverpool City Council and 2020 Liverpool cannot accept any responsibility for any unreported injury accidents.
- Children are classed as persons aged 15 years and under.
- Elderly persons are classed as aged 60 years and over.
- The information supplied only summarises road traffic accidents road traffic accidents involving personal injury, which have been reported to Merseyside Police. Other accidents, such as damage only, may be recorded by other sources and are not available to Liverpool City Council and 2020 Liverpool.
- Merseyside Police has supplied the road traffic accident data on which the summaries are based and no responsibility can be attributed to Liverpool City Council or 2020 Liverpool for errors in this base information.

Date: 05-March-2009

20/20
Liverpool

The City of Liverpool Road Traffic Collision Data

There were 22 reported road traffic collisions resulting in personal injury

Note:

RTA's on private roads are not generally included on the collision database. Therefore, where the route runs through land not classed as public highway, Liverpool City Council and 2020 Liverpool Ltd cannot accept any responsibility for any unreported injury collisions.

The information supplied only summarises road traffic collisions involving personal injury, which have been reported to Merseyside Police. Other collisions, such as damage only ones, may be recorded by other sources and are not available to Liverpool City Council or 2020 Liverpool Ltd.

Merseyside Police has supplied the road traffic collision data on which the summaries are based and no responsibility can be attributed to Liverpool City Council or 2020 Liverpool Ltd for errors in this base information.
