11. Foul Sewage			
Please state how foul sewage is to be disposed of:			_
Mains sewer	Package treatment plant	Unknown	
Septic tank	Cess pit		
Other			
Are you proposing to connect to the existing drainage sy	stem? • Yes	No 🔿 Unknown	
If Yes, please include the details of the existing system on	the application drawings and state re	ferences for the plan(s)/drawing(s):	
LCPD/04			
12. Assessment of Flood Risk			
Is the site within an area at risk of flooding? (Refer to the f flood zones 2 and 3 and consult Environment Agency sta requirements for information as necessary.)	<b>a y i</b>		
If Yes, you will need to submit an appropriate flood risk as	ssessment to consider the risk to the p	roposed site.	
Is your proposal within 20 metres of a watercourse (e.g. ri	ver, stream or beck)?	🔿 Yes 💿 No	
Will the proposal increase the flood risk elsewhere?	🔿 Yes 💿 No		
How will surface water be disposed of?			
Sustainable drainage system	Main sewer	Ponc	I/lake

To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.
Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:
a) Protected and priority species
Yes, on the development site       Yes, on land adjacent to or near the proposed development       Image: No
b) Designated sites, important habitats or other biodiversity features
Yes, on the development site       Yes, on land adjacent to or near the proposed development       Image: No
c) Features of geological conservation importance
Ves, on the development site Ves, on land adjacent to or near the proposed development No
14. Existing Use
Please describe the current use of the site:
The current site is a financial office space.
Is the site currently vacant?   Yes  No If Yes, please describe the last use of the site:
The last use of the site was a LCC back to work enterprise.
When did this use end (if known) (DD/MM/YYYY)?
Does the proposal involve any of the following?
If yes, you will need to submit an appropriate contamination assessment with your application.
Land which is known to be contaminated? (Ves No Land where contamination is suspected for all or part of the site? (Ves No
A proposed use that would be particularly vulnerable to the presence of contamination?
15. Trees and Hedges
Are there trees or hedges on the proposed development site?
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?
development or might be important as part of the local landscape character?
If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the
development of might be important as part of the local landscape character:
If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in
