EXPANSION OF ANFIELD ROAD STAND, ANFIELD

D1/3 - Environmental Statement, Volume 1: ES Chapters and Figures

Turley

Contents Page

1. Introduction

Figure 1.1: Site Location

2. Approach to EIA

3. Description of the Site and Surrounds

4. The Proposed Scheme

Figure 4.1: Tree Retention and Removal Plan

5. Consideration of Alternatives

6. Socio-Economics and Human Health

Figure 6.1: Study Areas

Figure 6.2: Indices of Deprivation 2019

7. Townscape and Visual

Contained within **Appendix 7.3:**

Figure 7.1: Site Location Plan /Townscape Study Area

Figure 7.2: Heritage Designations

Figure 7.3: Townscape/Landscape Character

Figure 7.4: Urban Grain

Figure 7.5: Scale, Massing and Height

Figure 7.6: Movement and Linkages

Figure 7.7: Public Open Space

Figure 7.8: Site Character

Contained within **Appendix 7.4:**

Figure 7.9: Key Viewpoints

8. Built Heritage

Figure 8.1: Heritage Asset Plan

9. Biodiversity

Figure 9.1: Ecological Sensitive Receptors Plan

10. Transport

Figure 10.1: Study Area

Figure 10.2: Diversion Routes

Figure 10.3: PIC Cluster Locations

11. Noise and Vibration

Figure 11.1: Noise Measurement Locations

Figure 11.2: Noise Sensitive Receptors

Figure 11.3: Predicted Music Noise Level; Central Stage Location

Figure 11.4: Predicted Music Noise Level; North East Facing Stage Location

Figure 11.5: Predicted Music Noise Level; South West Facing Stage Location

12. Climatic Effects (Wind Microclimate)

Figure 12.1: Directional Distribution (%) of Winds for Liverpool John Lennon Airport (1991-2011)

Figure 12.2: Configuration 1 Wind Conditions at Ground Level (Windiest Season)

Figure 12.3: Baseline Wind Conditions on Main Stand Podium and Stands (Windiest Season)

Figure 12.4: Configuration 1 Wind Conditions at Ground Level (Summer)

Figure 12.5: Configuration 1 Wind Conditions on Main Stand Podium and Stands (Summer)

Figure 12.6: Configuration 1 Wind Conditions at Ground Level (Strong Winds Exceedances)

Figure 12.7: Configuration 1 Wind Conditions on Main Stand Podium and Stands (Strong Winds Exceedances)

Figure 12.8: Configuration 2 Wind Conditions at Ground Level (Windiest Season)

Figure 12.9: Configuration 2 Wind Conditions on Main Stand Podium and Stands (Windiest Season)

Figure 12.10: Configuration 2 Wind Conditions at Ground Level (Summer)

Figure 12.11: Configuration 2 Wind Conditions on Main Stand Podium and Stands (Summer)

Figure 12.12: Configuration 2 Wind Conditions at Ground Level (Strong Winds Exceedances)

Figure 12.13: Configuration 2 Wind Conditions on Main Stand Podium and Stands (Strong Winds Exceedances)

Figure 12.14: Configuration 3 Wind Conditions at Ground Level (Windiest Season)

Figure 12.15: Configuration 3 Wind Conditions on Main Stand Podium and Stands (Windiest Season)

Figure 12.16: Configuration 3 Wind Conditions at Ground Level (Summer)

Figure 12.17: Configuration 3 Wind Conditions on Main Stand Podium and Stands (Summer)

Figure 12.18: Configuration 3 Wind Conditions at Ground Level (Strong Winds Exceedances)

Figure 12.19: Configuration 3 Wind Conditions on Main Stand Podium and Stands (Strong Winds Exceedances)

Figure 12.20: Configuration 4 Wind Conditions at Ground Level (Windiest Season)

Figure 12.21: Configuration 4 on Main Stand Podium and Stands (Windiest Season)

Figure 12.22: Configuration 4 Wind Conditions at Ground Level (Summer)

Figure 12.23: Configuration 4 Wind Conditions on Main Stand Podium and Stands (Summer)

Figure 12.24: Configuration 4 Wind Conditions at Ground Level (Strong Winds Exceedances)

Figure 12.25: Configuration 4 Wind Conditions on Main Stand Podium and Stands (Strong Winds Exceedances)

Figure 12.26: Configuration 5 Wind Conditions at Ground Level (Windiest Season)

Figure 12.27: Configuration 5 on Main Stand Podium and Stands (Windiest Season)

Figure 12.28: Configuration 5 Wind Conditions at Ground Level (Summer)

Figure 12.29: Configuration 5 Wind Conditions on Main Stand Podium and Stands (Summer)

Figure 12.30: Configuration 5 Wind Conditions at Ground Level (Strong Winds Exceedances)

Figure 12.31: Configuration 5 Wind Conditions on Main Stand Podium and Stands (Strong Winds Exceedances)

13. Cumulative Effects Assessment

Figure 13.1: Location of Approved Projects

14. Summary of the ES and Schedule of Mitigation
