

11.12.5 Hospitality

There are two Hospitality areas, east and west. Access is via either the West Stand Hospitality access vestibule into the hospitality areas and the East stand hospitality lobby next to the Club shop. Access into the stadium demise is via double doors leading to the reception and lobby area. Half height turnstiles (including wider ones for wheelchair users) will provide access further into the hospitality corridors, and escalators/stairs or lifts to the hospitality lobby at Level 01, dining areas, toilets, bars and concessions and stadium seating areas and boxes (L2), and further escalators to Level 02 and 03. Physical divides separate GA from hospitality concourse areas.

11.12.6 Away Fan

Away fans access the site via the WTMD and if required bag search as per all fans. They will then enter the away fans vestibule located in the North East quadrant. Here adequate queuing facilities are provided, along with away ticket purchase. Access into the stadium will be ticket only via turnstiles (full height) using either bar code or QR scan. Once away fans have passed through the turnstiles, access to the away fans zone is via dedicated lift or stairs.

Away fans have access to their own concourse, concessions, toilets, faith room and first aid space. A physical divide separates away fans at concourse level from home fans.
