

## Jersey Barriers

The Elite Jersey barrier is an interlocking heavy duty system designed for the ultimate in anti-vehicle perimeter protection.

Cast from Elite's standard high-strength concrete (50N/mm<sup>2</sup>) the barriers are quick and easy to install and are available direct from stock for next-day nationwide delivery.

The interlocking Jersey barriers are ideal for traffic management, flood defence, site security, rockfall and edge protection.

# Jersey Barriers

## Jersey Barriers

Our Jersey barriers are 2500mm long and weigh 1450kg. The unique interlocking system provides incredible levels of security against unwanted visitors whilst allowing sections to be easily removed and repositioned should emergency access be required.

The barriers are available for delivery on a self-install basis using a standard forklift truck. Alternatively our experienced and fully-trained installation team can deliver and place them anytime, anywhere.

## Jersey Barrier

Type	Length	Width	Height	Weight
Jersey	2500mm	610mm	810mm	1450kg
