Dear Councillor

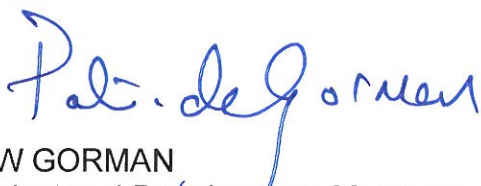

**PROPOSED ACQUIRED BRAIN INJURY CARE FACILITY
THE GARDENERS ARMS, BROAD GREEN, LIVERPOOL**

With reference to the above proposal, I have pleasure in enclosing herewith our Community Consultation brochure as also circulated to: your fellow Councillors, the Bowling Club Committee, our immediate neighbour Ms Susan Finnigan and the Senior Planning Officer, John Hayes at the City Council's Planning Department, in addition to our Development team.

I hope our brochure provides sufficient information to clearly outline our intentions to redevelop the site and trust that should you or any other interested party require further clarification that you will not hesitate to call. In the event it would be of assistance, we will gladly arrange a presentation/drop-in session (whichever suits you best) at a local venue to respond to any questions with the benefit of the care home operator, H & SCP and our Architects, CLA being present in addition to ourselves.

I look forward to hearing from you in due course.

Yours sincerely

P W GORMAN
Project and Development Manager

Enc.

(Same letter sent to Councillor Gary Millar and Councillor Joanne Calvert)
