

General Notes:

1. No dimension is to be scaled from this drawing. All Contractors must familiarise themselves with site conditions, including checking site dimensions, and must report in writing if any discrepancies with the drawings are identified. The Contractor shall obtain further instructions from CBRE prior to proceeding with the affected elements.
2. The Contractor shall coordinate with other related drawings, Specifications, Schedules and Bill of Materials (the Contract Information) produced and issued by CBRE and other provided by CBRE. The Contractor shall obtain further instructions from CBRE prior to proceeding with the affected elements.
3. Contractors to ensure that all materials and construction complies with Building Regulations, CDM and CDM Regulations.
4. Contractors to ensure that all specified materials, fixtures and fittings are checked and installed in accordance with their manufacturers' recommendations. Contractor is responsible for ensuring that all materials, fixtures and fittings are installed in accordance with the manufacturers' recommendations contained or are inconsistent with any of the information contained within the Contract Information. Where any inconsistency is identified, the Contractor shall obtain further instructions from CBRE prior to proceeding with the affected elements.
5. Contractors to ensure that all materials and construction complies with Building Regulations, CDM and CDM Regulations.
6. Contractors to ensure that all specified materials, fixtures and fittings are checked and installed in accordance with their manufacturers' recommendations. Contractor is responsible for ensuring that all materials, fixtures and fittings are installed in accordance with the manufacturers' recommendations contained or are inconsistent with any of the information contained within the Contract Information. Where any inconsistency is identified, the Contractor shall obtain further instructions from CBRE prior to proceeding with the affected elements.
