## Quotation

We have pleasure in submitting our quotation for the manufacture and installation of Residence 9 windows in black framing with white sashes. We have also priced for an engineered timber entrance door with a GRP skin. As requested we have shown the individual window costs in the below pricing summary.

Window A  
Window B  
Window C  
Window D

Window E  
Window F  
Window G  
Bay A  
Entrance Solidor

Window system specification to be Residence 9 extrusion with a 9 chambered design for enhanced performance made from a maintenance free composite material. Fitted with 28mm low E double glazed units (Planitherm Total Plus) and toughened glass to BS6206 were required, and held in place using Kommerling Glass Bonding Products. All Residence 9 frames are WER – A Rated energy efficient with a U Value of 1.2 W/M2K. Diagonal profile joints are used to emulate woodworking techniques of traditional windows for added authenticity. All opening vents are fitted flush with high security stainless steel hinge bars with a range of handle options available. All Residence 9 windows are externally and internally sealed and meet the thermal requirements for the Passivhaus specification “Highest classification performance available” All the above fully comply with document L of Building Regulations and will be FENSA registered.

All old frames and debris are removed on completion and any necessary making good is included in the price, installation in the region of 3/5 weeks from survey. In the meantime, if we can be of any further assistance do not hesitate to contact us. Assuring you of our closest attention at all times.

Yours truly,

Prescot Door & Window Centre Ltd

Lee Draycott
