

3.5 View from Long Lane exit arm

3.6 View from Whitehedge Road

- 3.2.4 Brodie Avenue and Long Lane are urban distributor roads and run in a north-south direction. They are both 'boulevards' with wide lanes and a landscaped central reserve, with the exception of the stretch of Long Lane between Greenhill Road and Nursery Road, which is a single carriageway. This is shown in Photos **3.7** and **3.8**.

3.7 View from Nursery Road along Long Lane

3.8 View from Greenhill Road along Brodie Avenue

- 3.2.5 The north-eastern end (within the sites locality) of Greenhill Road connects with Stanfordham Drive, Heath Road and Knightswood Court via a roundabout junction (referred to in the remainder of this report as the northern roundabout). This is shown in Photos **3.9** and **3.10**.
