IDENTIFICATION OF TREES AND DESCRIPTION OF WORK TO BE UNDERTAKEN

Sycamore 1

Crown thin 20% as part of long-term management.

Crown reduction from adjacent property (1 East Albert Road) to provide 2m clearance taking back main branches to trunk where appropriate.

Remove main branches overhanging roof of adjacent property (1 South Albert Road) to reduce leaf problems in gutter during autumn leaf fall.

Lime

Crown thin 20%.

Crown reduction from adjacent properties (1 East Albert Road & Christchurch Toxteth) to provide 2m clearance taking back main branches to trunk where appropriate.

Remove main branches overhanging roof of adjacent property (1 East Albert Road) to reduce leaf problems in gutter during autumn leaf fall.

Sycamore 2

Re-pollard to previous pollard points to enable holly to continue to continue to grow with a good structure.

Holly

No works proposed.

Lilac

Maintain annual pruning schedule to permit access to the driveway & garage.
