Dear Carolyne,

**Wind Microclimate Mitigation at Application ref: 18F/1932 - Brunswick Quay**

Having inspected the drawings I can confirm that the revised mitigation plan still maintains the key elements of the wind microclimate mitigation. As such it is considered to be a nominal change from our point of view and is acceptable. The revised plans are shown on drawings '*M80089\_201\_Rev 1 General Arrangement Plan 1 of 2*' and '*M80089\_202\_Rev 1 General Arrangement Plan 2 of 2*'.

**Yours sincerely**
